APPOINTMENT

Dentist appointed to medical center staff - Dr. John F. Carpenter of New Windsor has been appointed to the medical staff of Westchester Medical Center's Department of Dental Medicine. Carpenter helps with the education of dental residents and assists them in planning and executing all phases of dentistry. The residents are in their final year of training after completing four years of dental school.

Carpenter is a fellow and a master in the Academy of General Dentistry, and a diplomate in the International Congress of Oral Implantologists. He is a member of numerous dental associations and serves as a manuscript reviewer for General Dentistry, the academy's bimonthly journal. He is active in the Ninth District Dental Association, a component of the New York and American Dental associations, where he has served as education chairman for two terms.
